

INHOUSEDAY

SATURDAY | 21 April 2018 | 13:30 – 16:00 uur
WEDNESDAY | 25 April 2018 | 19:00 – 21:30 uur

Program:

- Welcome
- Introduction AME
- Company tour
- Informal drink

AME is an independent developer and manufacturer of high quality electronic products. Our goal is to create innovative products that exceed customer expectations. We accomplish this by integrating product development and manufacturing and keeping a clear focus on the product and its function. Driven by technology, we strive for the best solution combining the disciplines of electrical, mechanical, software, industrial and control engineering.

Do you want to know more about AME? Visit one of our inhousedays. Apply via recruitment@ame.nu
